ABOUT US

Mission

Prescription for Better Living, a nonprofit 501 (c) (3) organization, works to improve health equity through the promotion of health careers to those from under represented backgrounds, providing health education to the community and by supporting programs that work to address the social determinants of health.

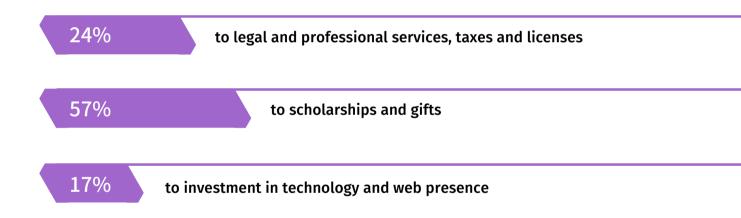

Vision

To be one of the most impactful philanthropic organizations that increases diversity in the healthcare industry and helps to eliminate health disparities.

The Dr. Thomas Blocker scholarship is very important to me because it gives me a base foundation for things I need for college. I am thankful and glad to be able to be connected to great doctors because if not for their gracious consideration I would have not received this scholarship. This scholarship has also inspired me for when it's time for me to attend medical school I would want to attend Morehouse not just for the education but also the experience. Dr. Blocker knew what he was doing by inspiring the next generation and I'm thankful that generation is inspiring me.
